SOFT SKILLS

- **Leadership**
- **Self-reliance**
- **Problem-solving**
- **GTD**
- **Scrum**
- **Teamwork**

HARD SKILLS

- **HTML5**
- **CSS3/SASS/BEM**
- **JavaScript**
- **Bootstrap (Beginner)**
- **npm (Beginner)**
- **Rest Api (Beginner)**
- **GIT/Github**

P O R T F O L I O

Project WebStudio

WebStudio website design. The project is carried out individually. Website made with attention to aesthetics. The website contains links, forms, dialog window, overlay, responsiveness, mobile menu.

Technology
- **HTML5**
- **CSS3**
- **JavaScript**
- **BEM**
- **SASS**

Project IceCream

WebStudio website design. Group project. I was a team leader. I managed the execution of tasks and compliance with the time of their execution. I took care of the correctness of the task and aesthetics. I was doing a code check. The site contains links, forms, windows dialog, overlay, responsiveness, mobile menu, carousel.

Technology
- **HTML5**
- **CSS3**
- **JavaScript**
- **BEM**
- **SASS**
- **GIT/Github**
- **Scrum**

Project BreakOut-Game

Project of a simple BreakOut game. The player using the paddle has the task of destroying all the blocks. The program is written using javascript, using functions, objects and classes.

Technology
- **HTML5**
- **CSS3**
- **JavaScript**
